WELCOME TO OUR COMMUNITY

On behalf of our Disability Council, we are pleased and honored to present you with this 2013 edition of our Accessibility Guide to Savannah's Historic Districts. This publication is the collaborative product of the Savannah-Chatham Council on Disability Issues, Living Independence for Everyone, Inc., and other local advocates who want to share their respective knowledge of accessible places which make our community unique. Our goal is to enhance your experience and to share with you the place that we call home.

Typically, historical cities have presented visitors and residents with a variety of accessibility challenges. From the veteran with a newly acquired limitation to a newborn who is experiencing Savannah anew from a stroller, we recognize that our community has barriers. But a barrier removed for one is a barrier removed for all. This guide highlights organizations, facilities and services which epitomize Savannah's hospitality by removing barriers which have long limited visitors with and without disabilities from truly enjoying their experience of our community.

Our local leaders have committed themselves to the strategic vision that accessibility and history are not at odds. Through planning and directing resources to easing access through our stately squares, along our riverwalk, on and off of our shuttles, trolleys, buses, streetcar and ferries, and into our places of interest, we hope that we have provided for the fullest enjoyment of a diversity of people of differing abilities and disabilities, ages and limitations. We welcome you to the beauty that each of us enjoys every day. We hope that you find this guide useful. We encourage you to share it with your friends and family with the same spirit of collegiality that has made its production possible.

PARKING

The City of Savannah provides accessible parking spaces for the exclusive use of vehicles displaying the appropriate permit. These parking spaces are located in City-owned garages, City operated lots (River Street lots) and on-street. All permit spaces designated for accessible parking require payment for parking. However, after 5:00 p.m. on weekdays and all day on Saturday, Sunday and holidays, on-street parking is free. For more information, please call 912-651-6470.

SPECIAL USE OF METERED SPACES

Most spaces in downtown Savannah are metered (including accessible spaces). While the City has attempted to make the parking kiosk accessible, some individuals with disabilities may be unable to access the meter because of a mobility issue or be unable to manipulate the meter because of difficulty in dexterity. If you have such a physical disability that makes you unable to use a single or multi-space parking meter, please contact the Department of Mobility and Parking Services, Enforcement Division for assistance at (912) 651-6470. The Department will make arrangements with you that will allow for the use of metered spaces within the City while avoiding the possibility of receiving citations. Requests and assistance are taken on a case-by-case basis throughout the year.
